

California Teleconnect Fund Program Request Form Instructions

Instructions for Securing CTF Discounts

I. New Applicants

All applicants must be approved by the California Public Utilities Commission (CPUC) in order to receive CTF discounts by submitting an application with the CPUC. If approved, the CPUC will notify the applicant.

When you submit your CTF application to the CPUC, please advise FUSION that you have applied by submitting a CTF Discount Request Form. The CTF Discount Request Form can be emailed to the email address identified on the form. Submitting a CTF Discount Request Form prior to CPUC approval will enable FUSION to designate all lines and services eligible for discount and commence discounts immediately upon notice of approval.

Discounts will commence once FUSION can validate your CPUC approval (CPUC approval letter or web site) and the CTF Discount Request Form is received. Please notify FUSION of your CPUC approval within 30 days. Discounts will be effective retroactive to the effective date on your application. If you notify FUSION after 30 days of CPUC approval, your CTF discounts will go into effect the date FUSION receives your CTF Discount Request Form.

II. Existing CTF Customers Adding CTF Eligible Services

If you are currently a CTF qualified organization and wish to add additional lines or services, you must either:

- A) Contact FUSION to advise that you have added additional services eligible for a discount. See Section III below for address.

OR
