

Solutions Overview

Microsoft Licensing

Simplify Your Microsoft Subscriptions to Improve Business Performance

Fusion Connect, a leading Microsoft Cloud Solution Provider (CSP), is streamlining Microsoft licensing with frictionless, self-managed solutions, supported by Microsoft experts. Our deep understanding of Microsoft 365 licensing ensures your organization leverages Microsoft technologies both cost-effectively and efficiently. With Fusion Connect, experience the pinnacle of flexibility in licensing options, streamlined billing, and unparalleled Tier 1 support – all accessible through our intuitive Fusion Connect Client Portal designed to put control back in your hands.

Why Choose Fusion Connect for Microsoft Licensing?

Streamlined Digital Management

Our self-service Client Portal supports real-time license management, allowing you to on-board new users faster. Gain 24/7 access to consumption analytics, billing history, and more, simplifying your digital oversight.

Unmatched Transparency and Control

Easily manage your Microsoft services, licenses, and subscriptions. Enjoy timely renewal reminders and clear software version visibility, all designed to enhance your operational efficiency.

Dedicated Expert Support

Our comprehensive knowledge base and Tier 1 support team are here to provide fast solutions, including direct escalation to Microsoft when necessary.

Fusion Connect is tailored for mid-market and enterprise businesses seeking to optimize their Microsoft 365 platform use. Whether you are navigating the complexities of licensing compliance, managing subscriptions, or seeking efficient support mechanisms, Fusion Connect is your ideal provider. We also cater to businesses transitioning from Google Workspace, offering a seamless shift to Microsoft 365's streamlined environment.

Transform Your Business with Fusion Connect

Accelerate Digital Transformation
Leverage Microsoft 365 and Copilot to innovate, collaborate, and drive agility across your organization.

Enhance Productivity
Streamline tasks and content creation with AI-powered tools, fostering a more efficient and empowered workforce.

Simplify License Management
Say goodbye to the complexities of license management. Our Client Portal makes it easy to manage, renew, and track your Microsoft licenses.

Expert Guidance and Support
From licensing reviews to tenant migrations, our specialists are here to guide you through optimizing your Microsoft environment.

Who Benefits from Fusion Connect?

Frustrated Support Seekers

Those seeking a more responsive and efficient Microsoft support experience.

Efficiency-Focused Businesses

Organizations valuing streamlined customer support and direct ticket submission via the Fusion Connect Client Portal.

Data-Driven Decision Makers

Leaders who prioritize transparency and detailed insights into usage, billing, and license information.

Businesses Facing Billing Complexities

Companies looking for a simplified approach to subscription, license, and billing management.

Why Fusion Connect Stands Apart

- **Comprehensive Microsoft CSP Program:** Access the latest Microsoft licensing through a program designed for your success.
- **Personalized Digital Experience:** Our Client Portal and Tier 1 support team ensure 24/7 access to critical information, transparent billing, and effortless license management.
- **Commitment to Excellence:** Our dedication to your success guarantees a seamless customer experience, from initial consultation to ongoing support.
